West Sumatra Earthquake Donation

A strong earthquake shakes the ground of the West Sumatera on Wednesday (9/30/2009) about 5.16 PM (West Indonesia Time Zone with the strong magnitude of 7.6 Richter scale centered on the 0.84 south latitude and 99.65 east longitude.

The earthquake caused severe damage which made the government imposed the emergency warning for the next two months. Up to now (Oct. 3), 1100 people were died and 2.818 people were seriously injured. This number will probably increase, since some areas including houses, hotels, and other public services are not touched yet because of bad weather.

As a form of solidarity and participation in helping out our brothers and sisters who became the victim of this disaster, Indonesian Muslim Student Forum in Taiwan (FORMMIT) along with Indonesian Muslim Society in Taiwan (KMIT) hold a fund raising to be distributed as soon as possible for those who need it. Please put your donation through our volunteer or transfer it to:
